

## Pre-finished. Solid. Fast.

The ExpressShelf™ brand pre-finished shelf and rod system provides a fast and affordable alternative to traditional built-in-place painted-MDF plank and pole systems.

With its intelligent patent-pending hardware, ExpressShelf installs quickly and easily with basic tools or drill template and eliminates the need for ladders, caulking, and painting.

## Beautiful and functional for every room in the house

ExpressShelf is ideal for walk-ins, reach-ins, coat closets, laundry rooms, and where only a shelf is needed in pantries and linen closets. The system is available in basic laminate or melamine option and utilizes ClosetMaid's MasterSuite™ top shelves and closet rods to provide additional colors or upgrade options for any style home or storage project.

These features, combined with easy to install hardware, allow for consistent fit, design, and space optimization with the ability to add on to them in the future.

## New options expand design flexibility

With new hardware options that enable full walk-in designs, wall-to-wall or wall-to-open shelf configurations, extended shelf or closet rod applications and corner solutions, designing with ExpressShelf is now more flexible and versatile than ever before.

## Superior productivity and quality

Compared to a traditional plank and pole closet build-out, ExpressShelf can be installed at an approximate rate of 1 minute/ft. That's 10 minutes for an average 8'-10' reach-in closet with a single shelf and rod configuration.

Key system highlights:

- **Installs in 10 minutes\***
- **No caulking. No painting.**
- Installs after paint
- Ideal for U-shaped or L-shaped closet designs
- **Continuous-slide corner** solutions
- Extended length shelving and closet rod applications
- Allows **pre-fabrication off-site**, reducing material handling on the jobsite
- Carries ClosetMaid's free Replacement Policy
- Qualifies for Builder Programs
- Expanded design options when combined with MasterSuite®
- Wood finish options match MasterSuite®

Meets ANSI-BIFMA functional and proof load requirements

\*8'L x 14"D single shelf or shelf with rod; with backwall channel and brackets stud mounted, per manufacturer's installation instructions for wall-to-wall configuration.

# EXPRESSSHELF™

PART NO.		COMPONENT	FEATURES	CTN QTY	
1	168200	Backwall Channel, White	<ul style="list-style-type: none"><li>Durable steel, 0.91" H x 96" W x 1.35" L</li><li>Can be stud or drywall mounted for easy installation</li><li>Top lip securely holds shelf down; no nailing required</li></ul>	6	
	168300	Backwall Channel, Black
